9. Proposed use will be from January 1 to December 31 of each year.
Month and Day Month and Day

10. Existing use permitted from January 1 to December 31 of each year.
Month and Day Month and Day

11. Description of proposed works. (Under the provision of NRS 535.010 you may be required to submit plans and specifications of your diversion or storage works.) (State manner in which water is to be diverted, i.e. diversion structure, ditches, pipes and flumes or drilled well, pump and motor, etc.)

A new well, equipped with submersible pump, totalizing flow meter, and transmission piping

12. Estimated cost of works Est. \$100,000.00

13. Estimated time required to construct works 2 years

If well completed, describe well.

14. Estimated time required to complete the application of water to beneficial use 5 years

15. Provide a detailed description of the proposed project and its water usage (use attachments if necessary):
(Failure to provide a detailed description may cause a delay in processing.)

This application is to change a portion of water rights on Well No. 3 to a new well (Well No. 4) at the Operating Engineers JAC Northern Nevada training facilities. The water from the well will be piped to existing storage and distribution facilities, and is used primarily used for dust suppression at the facilities along with domestic, maintenance and landscape uses.

16. Miscellaneous remarks:

Refer to map on file for Permit 68663 for existing and proposed place of use (unchanged).
